# Preface

**Focus on the journey, not the destination, Joy is found not in finishing an activity , but in doing it".**

Its with these ideals that we Chethan G.S and Prathima L co-ordinators of INSIGHT forum, hoped to ignite minds and shape future of our ISE student family. As we believed learning is the process of constantly updating in an ever changing world.In these four years of B.E , as students experience most rapid changes of life and are critical in students career. We built a strong academic and cultural career based learning process. We tried to conduct various events both technical and non technical to scattered to wide variety of students talents, and to expose each student urge to excel in their interests.Also we believed learning at our department is based on fundamental principles of life, teaching the students to be courageous, confident, disciplined, responsible and loyal.

Its with great delight that we witnessed the unfolding of interest skills and contribute our little part in bringing out their potential on the canvas of life.

We would like to end with words of Dr. A.P.J Abdul Kalam. **"All of us do not have EQUAL TALENT, But all of us have an EQUAL OPPURTUNITY to develop our talents".**

At last we would like to thank our beloved Principal, HOD, faculties our ever enthusiastic students for their kind support.

# HOD TALK

I am happy to place before you the progress of our department. The faculties of our department are well qualified and very supportive. Among 24 faculties 3 are Ph.D's and 8 are pursuing Ph.Ds in VTU. The entire second floor area of silver jubilee building is used by our department. All the 4 laboratories of department are with good number of high configured computers. The department is managing the college campus network facility and also campus office automation management software. This year we conducted many technical workshops and seminars for students and faculties conducted by industry persons and academicians.

In this academic year almost all eligible students of $8^{th}$ semester students are placed in reputed core companies. Our students are doing hobby projects such as JNNCE mobile App, NES admission software etc... Two batches of students has got project funds from state government ( KBITS).

Students are participated in various intercollegiate competitions in different colleges and won prices. Our students won various prizes in TECHZONE-2018.

on behalf of management & principal I would like to thank all the faculties and beloved students for their kind support.

## ಹೆಣ್ಣು

ನಿನ್ನ ಹೆತ್ತವಳು ಹೆಣ್ಣು, ಹೊತ್ತವಳೂ ಹೆಣ್ಣು
ನಿನ್ನಿಂದ ತೊಂದರೆಗೀಡಾದವಳೂ ಹೆಣ್ಣು
ನಿನ್ನನ್ನು ಹೆತ್ತಲು ಒಂಭತ್ತು ತಿಂಗಳು ನರಳುವಳು ಆಕೆ
ನೀನು ಅವಳನ್ನು ಒಂದೇ ನಿಮಿಷದಲ್ಲಿ ಸಾಯಿಸುವೆ ಏಕೆ?
ಎಲ್ಲಾ ಪುರುಷನ ಸಾಧನೆಗೆ ಮಹಿಳೆ ಬೆನ್ನಹಿಂದೆ
ಎಲ್ಲಾ ರೀತಿಯ ಶೋಷಣೆಗೊಳಗಾದವರಲ್ಲಿ ಹೆಣ್ಣೇ ಮುಂದೆ
ಒಂದು ಕಡೆ ಹೆಣ್ಣು ಮಾಡುತ್ತಿರುವಳು ಸಾಧನೆ
ಇನ್ನೊಂದು ಕಡೆ ಹೆಣ್ಣೆಗಾಗುತ್ತಿರುವುದು ಶೋಷಣೆ
ಇದು ಎಲ್ಲಿಯವರೆಗೆ? ಹೆಣ್ಣಿನ ಸಂತತಿ ಇರುವವರೆಗೆ.

## ಪರೀಕ್ಷೆ

ಪರೀಕ್ಷೆ ನೀನೇಕೆ ಇಷ್ಟು ಜೋರು
ಸುನಾಮಿಯಂತೆ ಬಂದು ಮಾಡುತ್ತೀಯ ವಿದ್ಯಾರ್ಥಿಗಳ
ಮನಸ್ಸು ಚೂರು ಚೂರು
ಪರೀಕ್ಷೆ, ಕಲಿಸಬೇಕಾದ ನೀನೇ ಮಾಡಿದೆ ಭೇದ ಭಾವ
ನಿನ್ನಿಂದ ಕಲಿಯಬೇಕಾದವರು ಕಳೆದುಕೊಂಡರು ಜೀವ
ನಿನ್ನನ್ನು ಎದುರಿಸಲು ಕೆಲವರಿಗೆ ಶಕ್ತಿ ಕಡಿಮೆ
ನಿನ್ನನ್ನು ಎದುರಿಸಿದರೆ ಹೆಚ್ಚಾಗುವುದು ಹಿರಿಮೆ
ನಿನ್ನಿಂದಲೇ ಕೆಲಸ, ನಿನ್ನಿಂದಲೇ ಕೀರ್ತಿ
ನಿನ್ನಿಂದಲೇ ಅವಮಾನ, ನಿನ್ನಿಂದಲೇ ಅಪಕೀರ್ತಿ
ನೀನು ಆ ರಾವಣನಷ್ಟೇ ಭಯಂಕರ ! ನಿನ್ನನು ಎದುರಿಸಿ ನಿಂತರೆ

ಏನೆಂದು ಬರೆಯಲಿ ಎಂದು ಕೇಳಿದರೆ
ತೋಚಿದ್ದು ಗೀಚು ಎಂದು ಹೇಳುತ್ತಿದೆ.
ಮೌನಕ್ಕೆ ನೋವಿರದು – ನಲಿವಿರದು
ಅದಕ್ಕಿರುವುದು ಮೂಕ ಭಾವನೆಯೊಂದೆ
ಅದನ್ನು ಕಾಣಲು ಯಾರೂ ಪ್ರಯತ್ನಿಸುತ್ತಿಲ್ಲ.

### Guru : the teacher

Born from the mother's womb,
In this strange world, know nothing except breathing.
Mother the first guru teach us good habits,
Father the second guru teaches us societal behavior.
O' God I thank you for this best guru you have given us.

Teacher right from school to college,
Give as precious thing in this world 'the knowledge' ,
Knowledge is precious than the gold as its cannot be stolen.
O' God I thank you for this best gurus you have given us.

A kingdom with a full of happiness...
A kingdom with a supporting  king
A kingdom  guided  by a  senior citizens ...
It's our kingdom
Fought in hundreads of war...
Caught  at tens of battle...
Celebration of  festivals..
With a awesome look by retinas..
Strikes to urge  need..
Who were indeed...
Feeling  to be happy,,
By never stopping  gossipy...
Moved out with comrade....

## 'Trekking' a beautiful part of life

"... the air a brisk negative 20 with windshield, I literally feel my hands, feet and face and rush to protect my vital organs, it's the coldest I ever been but even with freezing cold, sunken eyes, swollen nose, i found that this place right here is somewhere I can find great joy and relief ..." its January 2017, it was at India's most beautiful & adventurous trek called 'Chadar frozen river trek' on the river Zanskar, Leh.

Wearing those hiking boots, backpacks even just packing for trek somehow brings me at most joy in life. Being on those beautiful mountains, thought me one thing for sure "...mother nature telling with loud voice, see how small you are..." The entire ego we have, is a tiny dusty particle before mother earth and nature. Every time i go to woods it brings me a sense of myself, calmness, freshness in life and that, feeling itself beyond words.

All the treks I have been till now thought me a lesson in life, there are no shortcuts to joy, freedom or anything worth pursuing, is gonna require us to suffer just a little bit. That a tiny bit, will add more value to our life, more meaning to our existence without which we will be missing life's greatest joy.

I have learnt all these from my few most valued friends, Ashwini mam, who is a mountain of inspiration for me, with whom I have spent some unforgettable moments on treks. And one more friend shilpa, who keeps me on the edge, reminds me of my age & joy of life to trek and being on the peaks.

After few Himalayan treks like, Dalhousie Winter trekking(8858Ft) Himachal Pradesh, Chadar Frozen river trek(12,500Ft) Jammu Kashmir and Roopkund Trek(15750Ft) Uttarakhand, may be its time to visit Himalaya again.. Coming soon dear...!!

## "Never Give Up"

One day a Former's Donkey fell down into a well, The Donkey cried piteously for hoursas the Former tried to figure out what to do Finally he decided the Donkey was old and the well needed to be covered up, It just wasn't worth to retrieve the Donkey He invited all his neighbour's to come over and help him They all grabbed a Shovel and began to Shovel dirt into the well.

At first the Donkey realized what was happening and cried horribly than to everyone's amazement he Quitted down!

A few Shovel loads later the Former finally looked down the well He was astonished at what he saw with each Shovel of dirt that he hits his back

The Donkey was doing something amazing he would shake it Off and take a Step up...!! As the former's neighbors continued to shovel dirt on top of Donkey he would Shake it Off and take a step up pretty soon everyone was amazed as the Donkey stepped up over the edge of the well and happily trodded off The Moral of this Article is life is going to shovel all kinds of dirt on us, the trick to getting out of this shits is to Shake it Off and take a step up..! each of our troubles is a Stepping stone we can get out of the deepest wells just by not stopping Never Give Up shake it off and take a step up.
Problem may occurs in our life's, but never let that problem to have a
taste of our life's

Moral:"Life is going to Shovel all kind of dirt on us, the trick to getting out of dirt is to Shake it off and take a step up, but Never Give Up!! "

Change yourself first, before you try to change others....

This happens to be one of the most valuable lessons in life. i.e. take care of yourself first, before you try to help others William Shakespeare said, "To thine own self be true" your greatest responsibility is towards yourself first. Once that is taken care of, you can start caring for others. As its said, 'If you want to lift somebody up, you have to be on higher ground first'. But many people think that this viewpoint is of self intrest and narcissistic. They think they have to sacrifice themselves for others. If that would have been true then why do you think Jesus Christ say, "love your Neighbour as you love yourself".

Ask yourself this question, If you were 10 times wiser, 10 times healthier, 10 times richer, do you think you would be more valuable to your family, friends and society? Of course yes! You can only do more, if you be more. You cannot be feed the hungry if you yourself are hungry. That's the way life works. So whenever you feel to change others remember this valuable life lesson and try to change yourself first

# A violent crime..........

Rape is the fourth most common crime against women in India, according to NCRB 2013 annual report 24,923 rape cases were reported across India in 2012. A large number of rapes are unreported.

In 2012, when Nirbhaya was brutally gang raped in a moving bus in Delhi, it shook peoples conscience, the sad part is nothing was changed even after so many promises are made at that time.
The Kathua rape victim was just a 8-year old, Surat victim was just 11 year, Manipur girl who was raped and set on fire was also 11-year old.. the list goes on....
Now, in 2018 an 8 year old girl Asifa, who was given a sedatives, and raped several times by different men for 3 days. It doesn't matter about her religion, community, caste, state. We need a judgement so that no one dare to attempt this again in future. Everyone need to raise voice against injustice. No politicians concerned about these things, they just need a place in politics for 5 years, just think what happens if we stop voting , the country can't imagine the situation.

More than 10 countries around a world punish rape by death, china one of the strictest countries when it comes to rape punishment. Iran is another country who kills rapist in public, but when comes to India before 2013 rape was not at all considered as crime, in 2013 anti-rape bill was passed in line with a law that rapist are 14 years of imprisonment, if victim died, killed or put in negative state then a rapist killed.
Hang the rapist, whether a victim is dead or alive. we just need a justice against a rapist. Provide a safer society for women and an end to violence in every form. We need to create a situation where law is feared and respected.

No mercy to the rapist, if u don't feel terror of this incidents you are not a human. women are your mothers, daughters , sisters, teachers, employees, wives, and friends. Support activists who are working to rise awareness, provide support for victims, and towards the girl child right. You can be raped not protest against rape? Come out and fight for justice.

## SCIENCE AND TECHNOLOGY DEVELOPMENT IN INDIA

India ranks third among the most attractive investment destinations for technology. India ranks second in terms of contribution to high quality. Scientific research India has been ranked as the top exporter of information and communication technology services. For us science has made the impossible things to possible. Our standard of living has been increased with the increase in technology. The economic growth of India increased to 7.2% gdp rate leaving behind many countries. Science has always made Indians to feel proud since Aryabhatta and Bhaskaracharya.

Technologies like cloud computing, artificial intelligence, internet of things is rapidly growing in India. Despite of improvement in internet connectivity throughout the country, still many of our villager's cell phones are searching for network .There are some places where people are struggling to get electricity which arises a question "whether the science and technology are only for metropolitan cities?" This means for a developing country like India science and technology should aid the basic requirements of the people. Technologies should not be constrained, each and every individual must be able to get the benefit of it and should lead a better life.

## Selfish Agents a wizard in networking

Network is a group of the computers, sensors, mobile etc. The network is the one used for information passing from the source to the destination. During passing information intermediate nodes are involved for passing the information. These are nothing but the agents. The performance of the network is found out by throughput. Throughput is less meant that the network is having problem with the bandwidth, link failure or presence of hacker. But if everything is correct then also throughput is less. This show some other thing is present which is distributing the performance of the network. So much research was carried on for finding the wizard. A conclusion was reached, it is because of the selfish agent in the network.

The early concept of agent is to forward the information to other agent is totally vanishing. The agent also started behaving as the human behave. This means that the agent adopt the behavior of the human out of that one is highlighted here. Energy which is more valuable resource is utilized for forwarding and receiving the information. More energy is spent in forwarding the information. The agents who are used for forwarding the information thought thinking it is some one information why I should forward?

This problem gave raise to selfish behavior. The selfish agent staring preserving energy by stopping forwarding the information as a result the throughput of network came down.a

## ಕಾತರಿಕೆ

ಮುಗಿಲು ತುಂಬಾ ಕರಿಮೋಡಗಳ ಸಾಲು
ಭೂತಾಯಿಯ ಉಳಲು ಕಾಯುತ್ತಿದೆ ರೈತನ ನೇಗಿಲು
ಹರುಷದಲಿ ಕುಣೆದಾಡಿದೆ ರೈತನ ಇಷ್ಟು ದಿನದ ಕನವರಿಕೆ
ಆದರೆ ಬಿಳಿ ಮೋಡ ಮೂಡಲು, ಮಾಡಿದೆ ಮತ್ತೆ
